hat Three Men Be d Within Jurisdiction of Court,

Will guments Begin Late During This Week.

BOISE, Idaho, July 17.-Haywood's attorneys are likely to retaliate on the State by having certain witnesses arrested for perjury. At opening of court this morning the defense requested that Detective D. C. Scott, Sheriff Rutan, of Telluride, and William Dewey, a nonunion miner, be held within the jurisdiction of the court.

Prosecutor Hawley complained of slight illness and asked for recess, which the court denied.

Rebuttal was resumed, O. M. Sackett being called to relate labor troubles that existed at Telluride.

The trial is moving more and more rapidly to a contest between the mine owners and miners' federation.

owners and miners' federation.

The Steunenberg murder has not been mentioned by any of the witnesses in rebuttal. The only question raised has been whether the miners or the mine owners were responsible for lawlessness in the mining camps during past strikes.

The net result of yesterday's proceedings was the controdiction of several of the defense's witnesses whose testimony controverted that of the prosecution's chief witness, Harry Orchard.

Today's session is expected to practically complete the rebuttal evidence. The defense will then open in sur-rebuttal. It has but few witnesses to put on the stand, maintaining that the State has wholly failed to make out a case against Haywood. Arguments will begin late in the week.
